

Handball Report

2021 seen very little Handball take place due to the restriction on playing indoor sports
Recently the County Handball Committee have given the go ahead for the county 40x0 leagues and Social One Wall to start up again,

We will be expecting to have at least 4-5 players representing Warrenpoint in the County Leagues.

Our club representatives on the County Board are Declan Doyle(Chairman) and Peter McCreesh(Social One Wall Co-ordinator)

This year we have started fundraising in an effort to raise money with the aim of providing equipment for juveniles and to build more Handball walls in our local schools and areas

We currently are working with the younger hurling & camogie coaches to incorporate handball into their indoor sessions in St Marks

It is hoped within the next few months we will start juvenile training
