To Conclude:

I am delighted to have completed my seventh year as PRO of the club and as you all can see from the statistics produced, PR is most definitely going viral. Social media continues to increase year on year and is now our main form of communicating information with our members.

We have come along way in our use of and administration of communication outlets and have adapted a whole club approach across all sections which involved:

- One whole club, inclusive social facebook, twitter page and instagram
- A whole club poster format using the same font, style and layout
- Greater use of club videos to display messages to members
- Live streaming of events using facebook live
- Private you tube channel for managers, mentors and teams

Press notes continue to get excellent coverage in our local and national papers and we use our local photographers whenever possible to capture all aspects of club life.

We as a committee are always being asked for help from other clubs and we give of our time and expertise whenever possible

When looking to the future of Cumann Pheadair Naofa, it is clear that we are leading the way in our Communications and PR and there is a sound and stable foundation already built which future generations can access and build upon.
